

Turn listing intake into a proposal before the seller loses momentum.

Prepared for: [CLIENT BUSINESS] | Prepared by: [PROVIDER]

THE NARROW OUTCOME

A seller-ready proposal with evidence, owner, and deadline.

One approved brief feeds a reviewable market packet, branded proposal, acceptance handoff, and onboarding checklist.

PROPOSED WORKFLOW

01	Capture the listing brief Complete listing-opportunity brief	Agent confirms data source and seller consent
02	Assemble the market packet CMA evidence packet with missing-data flags	Licensed agent selects comps and pricing narrative
03	Render the proposal Draft listing proposal PDF	Agent approves all claims, fees, and disclosures
04	Stage delivery and acceptance Proposal package awaiting authorized send	No email or e-sign request sends from this starter
05	Open the engagement Accepted-listing checklist with invoice status	Office confirms contract receipt and payment terms

COMMERCIALS

IMPLEMENTATION	MANAGED CARE
\$1,500 one time	\$249 / month
Configuration, branded proposal template, test pass, and team handoff.	Monitoring, small fixes, and one monthly workflow tune-up.

BOUNDARIES AND ACCEPTANCE

This starter does not activate live payments, send customer communications, or deploy into a production customer account. Final scope, data handling, integrations, and acceptance tests must be approved in writing before implementation.
